DATE : AUGUST 11, 2016.

The present application is filed by the Executive Engineer, Public Works Department, Division No.1, Nagpur for seeking permission to carry out construction on the 8th floor of district court building during night hours.

The order prohibiting construction activities was issued by this Court so that there should be no nuisance in the residential areas on account of construction activities in the night hours.

The area in which the District Court is situated is not a residential area. The area is largely occupied by the official buildings of State Government and other authorities.

In any case if the construction activities are carried out during day hours, it may cause obstruction in the proceedings of District Court.

In that view of the matter, we are inclined to allow the application. The applicant is permitted to carry out the construction activities on the 8th floor of district Court building during night hours.
