RESPONDENT

This petition is filed under O. 47 R. 1 CPC praying for review
of the Order dtd 8-8-2000 passed in WA No.1487/2000.

This review petition coming on for admission this day, the Court made the following ;

ORDER

The review petition has been filed with a request to reconsider the order passed by us on 8-8-2000. Appellant who has appeared in person could not point out any mistake apparent on the face of the record in the order passed. He started arguing the case on merits saying that the order is wrong or bad. The appellant cannot be permitted to reargue the case on same pleas. The scope of review is limited. A case for review of the earlier order passed by the Bench is not made out.

One of the submissions made by the appellant is that the claim of the appellant was brushed aside by us by saying " that it is a petty amount and the appellant can forget it." From the reading of the order passed by us it is evident that we had not dismissed the appeal on the ground that the amount involved was petty. The appeal had been dismissed on merits. Review petition stands dismissed.
