### **Gopinath, J:**

These writ petitions have been filed challenging the determination of fee payable by students admitted to the MBBS course in self-financing colleges in Kerala in respect of academic year 2020-2021 by the Committee constituted under the Kerala Medical Education (Regulation and Control of Admission to Private Medical Education Institutions) Act, 2017 (hereinafter referred to as 'the 2017 Act'). All the writ petitions except W.P (C) Nos.23005 & 23083/2020 are writ petitions filed by the self-financing colleges. W.P (C) Nos.23005 & 23083/2020 are writ petitions filed by students challenging the determination of fee by the Committee in respect of the very same academic year i.e., 2020-2021.

2. A Division Bench of this court through judgment dated 19-05-2020 in W.P(C) No.19508/2019 and connected cases [***Jubilee Mission Medical College and Research Institute v. State of Kerala (2020 (3) KLT 615)***] had occasion to consider the determination of fee by the Committee for the academic years 2017-2018 onwards. After examining in detail the parameters that ought to be taken to consideration by the

Committee while fixing the fee, under the 2017 Act, the matter was remanded to the committee for fresh consideration. The Division Bench judgment of this court came to be challenged before the Supreme Court in Civil Appeal Nos.606-616 of 2021 and connected cases. The Supreme Court disposed of the batch of appeals through judgment dated 25-02-2021.

Paragraphs 8 & 9 of the judgment of the Supreme Court reads as follows:

*“8. Fixation of fee payable by students pursuing their medical courses in the State of Kerala since 2017-18 has not been finalized till date. One college complains of nonfinalization of fee from the year 2016-17. The students are continuing their education after remitting a provisional fee. Sections 8 and 11 of the 2017 Act which provide for the powers and functions of the Committee and the factors to be taken into account for fixation of fee have been upheld by the High Court. The exercise undertaken by the Committee for finalizing the fee payable by the students for the years 2017-18 and 2018-19 was examined by the High Court at the behest of the managements. The High Court by its judgment dated 28.02.2019 remanded the matter back to the Committee directing that fresh orders be passed. The State contends that the remand was for a limited purpose as the fee fixation by the Committee was set aside only because it lacked quorum and not otherwise. On the other hand, the managements insisted that the Committee had to reexamine the matter on remand by the High Court. If the remand was only on a technical ground of lack of quorum, the High Court would have mentioned it in its judgment dated 28.02.2019. The stand taken by the managements was accepted by the High Court in the impugned judgment. The High Court was of the firm opinion that the Committee ought to have considered the matter de novo and fixed the fee after giving an opportunity to the managements*

*and after considering the proposals again. A close scrutiny of the judgement dated 28.02.2019 would not indicate that the remand was only for the purpose of curing the defect of lack of quorum. The High Court in its judgment dated 28.02.2019 considered the submissions of the managements that the Committee acted in excess of its jurisdiction conferred by Section 8 of the 2017 Act. The additional point raised by the managements that the fee was fixed without regard to the factors mentioned in Section 11 of the Act was also considered by the High Court in its judgment dated 28.02.2019. Moreover, the fee that was fixed by the Committee was not approved by the High Court in its judgment dated 28.02.2019. Nonetheless, the High Court held that the Committee should closely scrutinize the fee suggested by the managements to examine if fee proposed was not excessive and to eliminate any element of profiteering or collection of capitation fee. The managements were directed to co-operate with the Committee in the matter of fixation of fee. The powers and functions of the Committee and the factors to be considered by the Committee for fixation of the fee have been discussed by the High Court in its judgment dated 28.02.2019, without finally expressing its mind on the correctness of the fee fixed by the Committee. In the impugned judgment, the High Court rejected the contention of the students and the State of Kerala and held that the matter was not sent back for reconsideration only on the ground of lack of quorum. If the remand was only on this technical issue, the High Court would have specifically mentioned in the judgment. In any event, the High Court in the impugned judgment held that it was incumbent on the Committee to reconsider the proposals for fee fixation afresh, as the matter was remanded by the High Court after giving reasonable opportunity of hearing to the stakeholders. The fee fixation of the Committee is subject to an appeal as per provisions of the 2017 Act. Except*

*laying down principles of fee fixation, the High Court did not examine the merits of any case while remanding the matter for reconsideration in accordance with law by its judgment dated 28.02.2019. The Committee shall reexamine the proposals of the Managements of Medical Colleges for the fixation of fee 2017-18 onwards.*

*9. The other issue that requires to be considered relates to the restrictions placed by the High Court in the matter of fixation of fee by the Committee. We find force in the submission of Mr. Jaideep Gupta, learned Senior Counsel appearing on behalf of the State, that no fetter can be placed on the exercise of power for fee fixation by the Committee, which shall be in accordance with the factors that are mentioned in Section 11 of the 2017 Act. The High Court committed an error in directing the Committee to take into account only audited balance sheets, and provisional profit and loss accounts in the absence of audited balance sheets, to fix the fee. Though we are in agreement with the submission made on behalf of the managements that the fee as proposed by them should be considered by the Committee, it is no more res integra that the right conferred on the institutions to fix fee for professional courses is subject to regulation. It need not be reiterated that unaided professional institutions have the autonomy to decide on the fee to be charged, subject to the fee not resulting in profiteering or collection of capitation fee. Regulation of fee is within the domain of the Committee which shall ensure that the fee is non-exploitative and reasonable. There is no need to repeat the judgments of this Court, especially P.A. Inamdar & Ors. (supra), which have been copiously referred to by the High Court in the 3 rounds of litigation to indicate the principles to be followed for fixation of fee in private medical colleges. Suffice it to mention that the Committee shall*

*reconsider the proposals of the managements for fee fixation 2017-18 onwards by taking into account the factors mentioned in Section 11 of the 2017 Act and the law laid down by this Court in Modern Dental College & Research Centre (supra). The delay that is caused in finalizing the fee in medical colleges is beneficial neither to the institutions nor the students. Therefore, we direct the Committee to expeditiously reconsider the proposals of the private selffinancing colleges for fee fixation from 2017-18 onwards. Needless to mention that fee for earlier years also needs to be finalized in case it has not been done in respect of any college. It can direct the managements to furnish any information that is required for the purpose of arriving at a decision that the fee proposed by the managements is neither excessive nor exploitative in nature. A reasonable opportunity should be given to the managements of private self-financing colleges in respect of their proposals for fee fixation. The entire exercise shall be completed within a period of three months from today.”*

3. In respect of fixation of fee by the Committee for the year 2020-21, certain interim directions were issued by a Division Bench of this Court through order dated 27-01-2021 in W.P (C) No.24070/2020. The interim order dated 27-01-2021 was also challenged before the Supreme Court and the Supreme Court through order dated 05-03-2021 has directed that the issues relating to fixation of fee for academic year 2020-21 shall also be determined in accordance with the parameters set out in the judgment dated 25-02-2021 in Civil Appeal Nos.606-616/2021. The operative portion of the order dated 05-03-2021 is extracted below.

*“Needless to say, that the fee fixation for the years 2016-2017 to 2020-2021 will be governed by the judgment of this Court dated 25.02.2021. The direction given by this Court to the Committee to reconsider the fixation of fee is applicable to fee fixation for the year 2020-2021 in respect of Respondent No.1-college as well. In other words, the Committee was directed to refix the fee payable by students for admission to first year M.B.B.S. course for the Academic Year 2020-2021 for all self-financing medical colleges by taking into account the observations made by this Court in its judgment dated 25.02.2021.”*

A combined reading of the order dated 25-02-2021 in Civil Appeal Nos.606-616/2020 and the order dated 05-03-2021 in the SLP filed against the interim order dated 27-01-2021 in W.P (C) No.24070/2020 shows that the Committee has to now regulate the fee in accordance with the provisions of the 2017 Act taking note of the directions issued by the Supreme Court in the orders referred to above.

4. Mr. George Poonthottam, learned Senior Counsel appearing for the petitioners in W.P (C) No.24070/2020 submits that after the coming into force of the National Medical Commission Act, 2019 it is for the National Medical Commission to specify the parameters for filling up 50% seats in self-financing medical colleges. However, it is brought to our notice by the learned Standing Counsel for the National Medical Commission that no such exercise is contemplated for the academic year 2020-21. That apart it is clear from the order dated 05-03-2021, of the Supreme Court, referred to above that the fee for the academic year 2020-21 has also to be

determined by the committee under the 2017 Act. The contention raised with reference to the provisions of the National Medical Commission Act, 2019 is left open for consideration, in respect of any academic year following the academic year 2020-21. Similar contentions if raised in other cases are also left open to be adjudicated, in the manner indicated above. Similarly, in W.P (C) No.23083/2020 there is a prayer to implement the provisions of the National Medical Commission Act, 2019 for academic year 2020-21. In the light of the directions issued by the Supreme Court in the orders referred to above we do not think that such relief can be granted in respect of the academic year 2020-21. This issue is also left open for consideration, in respect of any academic year following the academic year 2020-21.

5. These writ petitions are therefore ordered directing that the Committee shall regulate the fee in respect of each of the petitioner colleges in the manner directed by the Supreme Court through the orders referred to and extracted herein above adhering to the time specified by the Supreme Court. To enable such consideration, any earlier order issued by the Committee and impugned in these Writ Petitions will stand quashed and set aside. We also make it clear that the Committee shall not, while deciding the matter, be bound by any interim order issued in these writ petitions and shall be bound to determine the matter strictly in accordance with the directions issued by the Supreme Court.

**W.P (C) No.3616/2021**

The order under challenge in this writ petition is Ext.P11 dated 08-02-2021 issued by the Committee pursuant to the directions issued by this court in W.P (C) No.24070/2020, in respect of the petitioner in W.P.(C)No.24070/2020 & W.P (C) No.3616/2021. Through the impugned order, the Committee had reduced the fee fixed earlier in respect of the petitioner college. In the light of the fact that the matter is now required to be considered in accordance with the directions issued by the Supreme Court in Civil Appeal Nos.606-616/2021 and the order dated 05-03-2021 which are referred to in the earlier part of this judgment, we deem it appropriate to set aside Ext.P11 order so that the Committee will be able to determine the fee in respect of the petitioner college for the academic year 2020-21 afresh and in compliance with the directions issued by the Supreme Court. Ext.P11 order is therefore quashed and it is directed that the matter shall be determined by the Committee in accordance with the directions issued by the Supreme Court and adhering to the time limit fixed by the Supreme Court.
