The captioned writ petitions are materially connected, in respect of work awarded by the Kerala Water Authority to the petitioners/contractors. As per the notice inviting tenders and other conditions, petitioners are directed to furnish additional performance guarantee, out of which at least 50% shall be collected in the form of Treasury fixed deposit and the rest in the form of bank guarantee or any other forms prescribed in the revised PWD manual. The contentions raised by the petitioners in these batch of writ petitions is that, by virtue of the notification issued by the State Government on 07.01.2021 consequent to covid-19

pandemic, contractors were exempted from furnishing additional performance guarantee. It is also submitted that even though the said order of the Government was issued only for a period of one year, it was later extended as per Government Order dated 15.03.2022 for a further period up to 31.03.2023. Therefore, according to the petitioners the direction issued by the Kerala Water Authority to provide additional performance guarantee cannot be sustained under law. This question was considered in an earlier batch of writ petitions and has rendered a judgment dated 21.03.2023 in W.P.(C) Nos.14051/2022 and other connected cases and held that, even though the order issued by the State Government dated 07.01.2021 provided the benefit of exemption from furnishing additional performance guarantee, when the order was modified as per Government dated 15.03.2022 for a further period up to 31.03.2023, the benefit was given only in respect of the performance guarantee. It was accordingly held that the contention advanced by the petitioners for exemption from furnishing additional performance guarantee cannot be sustained under law and therefore the relief sought for in the writ petitions were declined.

2. However, taking into consideration the fact that interim orders were granted in the writ petitions directing the Kerala Water

Authority to execute agreement with the petitioners, on the petitioners executing a simple bond undertaking to furnish additional performance guarantee, if and when directed so by this Court at a later point of time; the following directions were issued.

- 1. If the work in accordance with the agreement is completed by the contractors, no Additional Performance Guarantee shall be insisted upon.*
- 2. If the work has progressed to a level exceeding 80%, the tendering authority is left with the liberty to take a decision as to whether any Additional Performance Guarantee is to be insisted upon, taking into account the efficiency, reputation, men and machinery engaged, and other positive factors of the respective contractors.*
- 3. If the work has exceeded 30% of the total work, then the tendering authority is directed to secure Additional Performance Guarantee proportionate to the balance work.*
- 4. In all other cases, the contractors/petitioners are directed to furnish an Additional Performance Guarantee to the tendering authority as specified in the tender documents within three weeks from the date of receipt of a copy of this judgment.*
- 5. In cases where a Performance guarantee is furnished by the contractors in spite of its relaxation up to 31.03.2023, the said amounts can be adjusted against the Additional Performance guarantee required in the circumstances*

*specified above.*

- 6. In cases where 100% bank guarantee is furnished, instead of 50% by way of treasury fixed deposit, the same is permitted to be continued in the facts and circumstances, if the work has exceeded 30% of the total work.*
- 7. If the tenders are invited on the basis of the Percentage Rate Contracts, then the contractors are liable to furnish the Additional Performance Guarantee on the basis of (X-10)% of the estimated PAC.*
- 8. If the tenders are invited on the basis of Items Rates Contract, then the contractors are liable to furnish Additional Performance Guarantee for each item of work on the basis of (X-10)% of the estimated amount for each item of work.*
- 9. I make it clear that the directions are issued as above taking into account the peculiar facts, features and circumstances involved in these cases consequent to the interim orders granted; and it shall not be treated as a precedent, except in regard to the writ petitions pending in the above context.*

3. In that view of the matter, these writ petitions are disposed of in terms of the common judgment in W.P.(C) Nos.14051/2022 and other connected writ petitions dated 21.03.2023. I make it clear that, if the petitioners have all executed agreement on the basis of the interim orders granted by this Court and if they are entitled to the benefit of directions

contained above, it shall be extended to the petitioners in the terms and conditions directed above. In all other respects, the findings rendered in the common judgment said above would apply.

The writ petitions are disposed of accordingly.
