UPON hearing counsel the Court made the following  
O R D E R

On hearing learned senior counsel and learned counsel for the parties, the consensus emerged that for a period of four weeks mining activities without blasting may take place beyond 1 K.M. and within 10 K.M. of Chittorgarh Fort wall to enable the Central Building Research Institute, Roorkee to study the cumulative impact of the entire mining activities within the above area on the Chittorgarh Fort.

Having regard to above consensus, for a period of four weeks, we permit the mining activities from March 18, 2013 without blasting for the operative mining leases within the area as aforementioned. The Central Building Research Institute, Roorkee shall study the cumulative impact of vibration induced by the mining activities and the machines used in connection thereto on Chittorgarh Fort and submit further technical report by April 29, 2013.

It is made clear that permission for mining activities as granted above shall lapse on expiry of four weeks, i.e., on April 14, 2013. From April 15, 2013, the interim order dated January 18, 2013 shall revive.

List the matters on May 3, 2013.
